OCEF Statement on Yushu Earthquake

A 7.1-magnitude earthquake struck Yushu County, Qinghai Province, China on April 14, 2010. More than 2,000 people have lost their lives and tens of thousands their homes. Our hearts go out to the victims.

Although OCEF does not have active projects or volunteers in Yushu, we will continue to follow the disaster relief progress and actively seek opportunities to help the affected schools and students. If you are interested in making a donation to the victims, you may visit the official websites of the following organizations:
